The American nation owes a debt of love to the colored race, and God has ordained that they should make restitution for the wrong they have done them in the past. Those who have taken no active part in enforcing slavery upon the colored people are

not relieved from the responsibility of making special efforts to remove, as far as possible, the sure result of their enslavement.

... Let them not multiply robbery toward a people already robbed and trodden underfoot of men.

Ellen G. White, Review & Herald, January 21, 1896; Letter 6, 1901

It is difficult to overstate the influence on British arts and culture of the influx of new wealth from slave-owning colonies. The revenues from slavery are acknowledged as the greatest source of patronage for art in the eighteenth century.

The development of architecture, classical architecture in particular, all over Europe, was a direct result of the revenues from slavery.

History now shows that the Bank of England might well be labelled the Bank of Africa or the Bank of the West Indies.

Job 1:18, 19

“London is a bad
place to have a
wife.”

At least 45 percent of British marriages end in divorce, the highest figure for any European Union country. Marriage was once said to be for life. Not anymore.

The more Africans abroad absorb Western ideas, the more their marriages break up. From Germany to America, the story is the same. In Britain, the African community is in virtual crisis as their marriages break up all around them.

The most famous passage that has been used to justify the abuse of wives by their husbands is Ephesians 5:22, is where the apostle Paul writes, “Wives, be subject to your husband.”

Dr David Williams, Harvard University

Some husbands think that that verse gives them a license to use physical force in their efforts to “command their children and household after them,” and many wives accept violence as part of their God-ordained lot in life.

“The Lord Jesus has not been correctly represented in His relation to the church by many husbands in their relation to their wives, for they do not keep the way of the Lord. They declare that their wives must be subject to them in everything. But it was not the design of God that the husband should have control, as head of the house, when he himself does not submit to Christ.

“He must be under the rule of Christ that he may represent the relation of Christ to the church. If he is a coarse, rough, boisterous, egotistical, harsh, and overbearing man, let him never utter the word that the husband is the head of the wife, and that she must submit to him in everything; for he is not the Lord, he is not the husband in the true significance of the term.”

Adventist Home, 117

“Woman should fill the position which God originally designed for her, as her husband’s equal.”

**Job's faith

Job 30:20-22

**²⁰ “I cry out to You, but
You do not answer me;
I stand up, and You regard
me. ²¹ But You have
become cruel to me; With
the strength of Your hand
You oppose me. ²² You lift
me up to the wind and
cause me to ride on it;
You spoil my success.”**
